

## UNDERWATER LED LIGHTS

**SCM-10-CC**

• 10 LEDs • 3,750 Lumens • 42W

► **DESCRIPTION**

The SCM-10-CC Color Changing underwater light provides your vessel 42 watts of intense LED lighting with four intense colors in one light. SCM-10-CC's low profile design allows for many mounting locations. Easily switch between blue, white, green, and red. The unique stainless steel housing compliments the look of any trailer or lift kept boat.

**FEATURES**

- Proprietary clear-gel-filled design, injected through entire unit — eliminates condensation and/or water intrusion under stress
- Tough, polycarbonate lens
- Passivated stainless steel 316 material provides a durable corrosion resistant housing
- Transient surge and reverse polarity protection — dramatically prolongs unit life
- Thermal throttling technology — enables safe operation even out of water
- From simple on-off to full-feature lighting effects, unit is enabled for a host of control interfaces
- Select between 4 colors: blue, white, green and red or integrate control using Shadow-NET®

**SPECIFICATIONS**

- Up to 3,750 lumens
- 120 degree beam angle
- 42 watts power draw
- 3.5 amps operating current draw @ 12 volts
- 10-30 volts input
- 10" (254 mm) x 2.4" (61mm) x 0.5" (13mm)
- IP68 fully submersible waterproof design
- 10 RGBW LEDs

**3 CONTROL OPTIONS****1. Power Toggle Control**
