SC3-ALSM SERIES
UNDERWATER LIGHT

Shadow-caster™
LED LIGHTING

▶ DESCRIPTION

The SC3 underwater light provides your vessel with 24 watts of intense LED lighting. The SC3's are designed with a sub-compact 3″ diameter housing for under-the-waterline surface mounting. The glass window and sleek look of the hard anodized aluminum housing compliments the look of any trailer or lift-kept boat. For live in water boats please use SC3 Bronze or SCR Bronze versions. These lights are available in single-color, 2 color, or color-changing versions.

▶ FEATURES

- Proprietary clear gel-filled design, injected through entire unit — eliminates condensation and/or water intrusion under stress
- Tough, scratch resistant, tempered glass lens with hard anodized aluminum housing — impervious to acetone, solvents and demanding marine environments
- Durable hard anodized and coated aluminum housing recommended for trailer or lift-kept boats
- Transient surge and reverse polarity protection — dramatically prolongs unit life
- Thermal throttling technology — enables safe operation even out of water
- From simple on-off to full-feature lighting effects, unit is enabled for a host of control interfaces

▶ SPECIFICATIONS

- Up to 3,000 lumens
- 120 degree beam angle
- 24 watt power draw
- 2A at 12V, 1A at 24V
- 10-30 volts input
