

UNDERWATER LIGHTS

SCM-10-EXT-CC

• 10 LEDs • 3,750 Lumens • 42W

DESCRIPTION

The SCM-10-EXT-CC extended color underwater light provides your vessel with 42 watts of intense LED lighting. Easily switch between 12 standard colors or use an or use a Shadow-NET™ enabled product to enjoy unlimited colors. The SCM-10-EXT-CC's low profile design allows for many mounting locations. The unique stainless steel housing compliments the look of any trailer or lift kept boat.

FEATURES

- Proprietary clear-gel filled design, injected through entire unit – eliminates condensation and/or water intrusion under stress
- Tough, polycarbonate lens
- Passivated stainless steel 316 material provides a durable corrosion resistant housing
- Transient surge and reverse polarity protection – dramatically prolongs unit life
- Thermal throttling technology – enables safe operation even out of water
- From simple on-off to full-feature lighting effects, unit is enabled for a host of control interfaces
- Select between 12 colors when using a switch or unlimited colors when using Shadow-NET™ enabled products
