

6 POSITION POWER DISTRIBUTION BOX WITH INTEGRATED SHADOW-NET® CONTROL

SCM-PD-PLUS

DESCRIPTION

The Shadow-Caster® Power Distribution Plus box provides a convenient way to connect up to 6 Shadow-Caster® underwater lights. The included pre-wired control switch input provides an easy way to manage the relatively high current switching needs of multiple light installations. The SCM-PD-PLUS waterproof box is ideal for bilge and wet mounting locations. It has color coded connections for easy and intuitive installation.

FEATURES

- Compact remote power relay box
- Integrated Shadow-Net® Control to synchronize and control underwater lights
- LED Indicator lights for power and each individual output
- Individual fuse for each light
- Color-coded quick connect terminals for intuitive installation
- Compatible with Shadow-Caster® single and multi-color lights
- Recommended when installing four or more underwater lights.
- Can be used with a helm mounted switch or with no switch when using a compatible Shadow-Caster® Controller

SPECIFICATIONS

- Compatible with 12 or 24V systems
- Up to 10 amps per channel
- Up 2 AWG input power lugs
- IP67 wash down rated enclosure

INCLUDES

- 6 channel relay system
- Mounting hardware
- Pre-wired control switch with 25 ft of wire
- Standard 3 year warranty
