

UNDERWATER LED LIGHTS

SCM-10 Series

• 10 LEDs • 4,000 Lumens • 42W

DESCRIPTION

The SCM-10 underwater light provides your vessel 42 watts of intense LED lighting. The SCM-10's low profile design allows for many mounting locations. 5 different single color options to choose from. The unique stainless steel housing compliments the look of any trailer or lift kept boat.

FEATURES

- Proprietary clear-gel-filled design, injected through entire unit — eliminates condensation and/or water intrusion under stress
- Tough, polycarbonate lens
- Passivated stainless steel 316 material provides a durable corrosion resistant housing
- Transient surge and reverse polarity protection — dramatically prolongs unit life
- Thermal throttling technology — enables safe operation even out of water

SPECIFICATIONS

- Up to 4,000 lumens
- 120 degree beam angle
- 42 watts power draw
- 3.5 amps operating current draw @ 12 volts
- 10-30 volts input
