

UNDERWATER LIGHT

SCR-64 SERIES

12,000 LUMENS • 94 W • RGBW

**DESCRIPTION**

Experience next-generation underwater illumination with the Shadow-Caster SCR-64. Featuring 64 high-performance LEDs with full-color change and a dedicated white channel for extra brilliance, the SCR-64 delivers exceptional output and vibrant color. Its bronze housing and borosilicate glass window provide rugged marine durability, while an advanced constant-power design and next-generation LED and power supply efficiency maximize performance. Shadow-NET capability enables seamless integration with compatible MFD systems for convenient onboard control. The next level of underwater lighting has arrived.

12,000
LUMENS

FEATURES

- Proprietary gel-filled design to always maintain leak protection and IP68 requirements.
- Tough, scratch resistant, tempered glass lens with bronze housing — impervious to acetone, solvents and demanding marine environments.
- Transient surge and reverse polarity protection — dramatically prolongs unit life.
- Bronze or Hard Anodized Aluminum housing options.
- True White Channel for extra brilliance.
- Shadow-NET® Enabled.
- Footprint is compatible with the existing range of SCR series lights.

SPECIFICATIONS

- 12,000 lumens.
- 120 degree beam angle.
- Power Draw: 94 Watts; 7.8A at 12V, 3.8A at 24V.
- Input Voltage: 10-30 Volts.
- IP68 fully submersible design.
- Power Toggle Control for standalone control from a switch.
- 4" (102mm) OD.

INCLUDES

- Lighting unit.
- 5ft. (1.5m) submersible-grade cable.
- Mounting hardware.
- Standard 3 year warranty.

CONTROL OPTIONS

- 1. Power Toggle Control.** Quickly toggle power source to advance to next color or brightness level.
- 2. Shadow-NET Control.** Dramatic, full-feature control through your Multifunction Display (MFD) by adding the Shadow-NET control module (Light Commander Control) and app.
- 3. Integrated color scroll mode**

Shadow-NET Modes

- Unlimited shades of color and fading
- Dimming
- Strobe rate
- Music sync
- Multiple zones
- And much more...
